# Danfoss Postgraduate Program - **facts**

Danfoss' two-year postgraduate graduate program accepts approximately 20 candidates into its four different tracks every year. Whether you choose **Innovation, Sales & Marketing, Supply Chain or Finance**, your projects will consist of four real and business-critical 6-month projects.

- The program offers to graduates with a **master's degree**
- Program exists since **1974** within Danfoss
- Each participant has **4 rotations** in different departments. 2 of the projects will be abroad.
- Each participant will be paired with a personal **mentor** during the two years

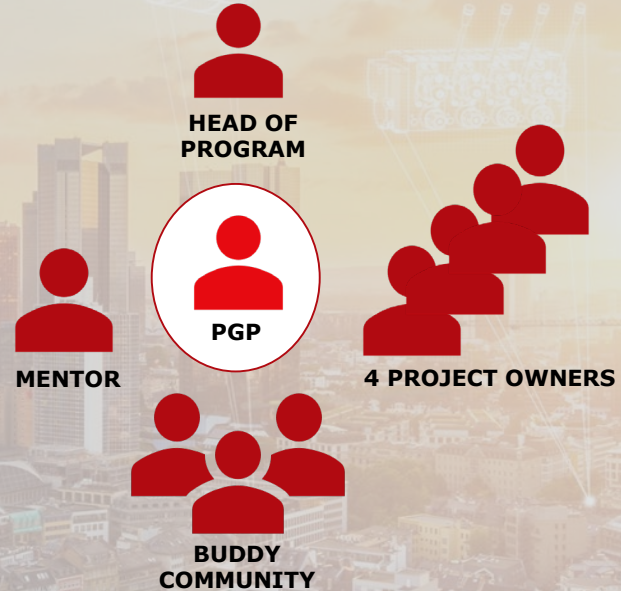

# Free-thinkers and Challengers of the status quo –Join us

- You are in charge of **choosing** which business-critical projects you will run
- The program will be **tailored to your personal development needs**
- You will be part of a **global PGP network** of likeminded peers
- You will be paired with **a personal mentor** that will help you drive both your personal and professional development
- Opportunity to do projects in **any Danfoss location worldwide**

4 Customized projects  
3 Supporting roles  
2 Years  
1 Choice that will kick-start your career

The roles supporting the PGP are: **Project Owner, Mentor, Buddy & Head of Program**

# It is about front-line passion

Mona Hansen

Innovations track

Mechanical Engineer from Germany
